For Immediate Release

Taking Luxury To A New Level . . .
CHASE PARK PLAZA'S CHASE CLUB TO DEBUT OCTOBER 2

The legendary Chase Park Plaza is taking luxury to a new level with the opening of The Chase Club, adding a new dimension of unrivaled elegance for its guests. The new Concierge Level is slated for an October 2 debut.

Guests seeking an extra measure of pampering or privacy will appreciate their accommodations on the 9th floor Concierge Level, and will enjoy impeccable furnishings with twice a day housekeeping service, MP3 players and daily turndown service that will include delectable pastries from the kitchens of the Chase.

Club Level guests will have exclusive access to the Chase Club Lounge. This 9th floor venue, with windows that offer panoramic views of Forest Park, features meticulous appointments that reflect a relaxed, private club ambiance. Wireless Internet service will be provided, as well as 50" plasma televisions and personalized services of the club host.

Executive Chef Omar Hafidi and his culinary team will offer four (4) complimentary Chase Club food and beverage presentations daily (starting with breakfast) - and exquisitely displayed on Waterford Crystal, Lenox China and contemporary glassware from Italy:

"With the opening of The Chase Club, we are providing our concierge level guests with comfort, services and furnishings that are designed to exceed the high standards of distinguished visitors and business travelers", stated Stacey Edwards, Director of Sales and Marketing for the property. "At the Chase, our expert staff works tirelessly to add new avenues of excellence in every area of the hotel".

The legendary Chase Park Plaza first opened in 1922. Some 84 years later, the property has undergone a magnificent one hundred twenty million dollar (120,000,000.) restoration that encompasses 251 deluxe rooms and suites, a five-screen cinema, five restaurants, fitness center, salon and full service spa. The hotel's long list of amenities includes an inviting outdoor heated pool and surrounding terrace with an innovative outdoor fireplace.

Groups of all sizes convene in the 65,000 square feet of flexible function space the Chase has to offer, including an 18,000 square foot state-of-the-art Conference Center and two Grand Ballrooms.
